

# Climadiff - 31 Bottle Freestanding Wine Cooler CS31B1

Climadiff are a French manufacturer of wine cabinets who have been producing their wine cabinets since the late 1990's, just after Eurocave started. They were amongst the first companies to enter into the industry and since then have developed a reputation for reliable and robust storage cabinets. Their focus is primarily on long term storage cabinets or ageing cabinets, however the CLS52 is part of the smaller freestanding range which is suitable for both service and storage.

## **The Climadiff CS31B1**

Part of the new freestanding range from Climadiff, the CS31B1 brings the latest technology and is very aesthetically pleasing with it's modern appearance and functionality.

The capacity of 31 Bordeaux bottles makes this unit ideal for customers who have smaller collections of 30 bottles or for those who want to use it for serving temperatures. the forced air cooling system the temperature inside the cooler is consistent and can be lit up with the internal LED lighting which is white. 3 metal shelves with a wooden front add to the modern design and enable sufficient access to your wines.

## **Temperature range and efficiency**

With a wide internal operating temperature of 5 to 20°C the CS31B1 can be used for both storage or service - combined with a low noise output of 42dB and with an A energy rating - this unit is also energy efficient.

## **Freestanding wine cooler**

The CS31B1 is a freestanding unit which means it shouldn't be installed under a counter top and should have a minimum clearance of 2-5 inches around the back and sides and at least 12 inches from above the unit to allow for adequate ventilation.

## **Climadiff CS31B1 product specification**

- Max Bottle Capacity: 31 Bordeaux Bottles
- Energy Efficiency Class: A
- Noise Output: 42dB
- Climate Rating: N (+16 to +32°C)
- Voltage: 220-240V
- 2 year parts and labour warranty with all Climadiff Wine Cabinets
- Ambient temperature use: 16 - 32°C

**General Features:**

- Touch control display with blue electronic display
- Black body and black piano glass door frame
- 2 Adjustable feet
- Compressor cooled: forced air system
- UV treated glass door (double glazed)
- Vibration free compressor

**Interior Features:**

- 1 temperature zone: Operating between 5 and 20°C
- Electromechanical Regulation
- Humidity management between 55-85% (Automatic)
- White LED lighting with on/off switch
- 3 semi-sliding metal shelves with beech front

**Dimensions:**

- Height: 63cm
- Width: 40cm
- Depth: 54cm

Weight: 23kg

# Delivery

Customers are advised to check the product dimensions to ensure the unit will fit through all doorways and please tell us about any obstructions, including steps and narrow passageways so we can make the necessary arrangements for the delivery.

<b>Non-stock delivery lead time (working days)</b>	<b>Kerbside</b>	<b>2-Man (ground floor only)</b>
UK mainland	N/A	10 - 14

Please note the product can be out of stock which may increase the lead times. For any other area's not listed above - contact us directly for delivery costs and information.

# Installation

## *Freestanding Wine Cooler:*

Freestanding wine coolers are designed to stand alone and not be built in to any cabinetry at all, we recommend a minimum ventilation space of 3-5 inches around the sides and rear of the unit. Do not install a freestanding unit under a counter top.

## *Built-in / undercounter wine cooler:*

A built in wine cooler is designed to be surrounded by cabinetry or can be utilised as a freestanding unit, this type of unit has a grille at the front to allow cool air to be drawn in.

## *Integrated Wine Cooler:*

Integrated wine cabinets are similar to built in wine coolers but are designed to slot into cupboards to create a floating look.

## *Thermoelectric Wine Cooler:*

Thermoelectric wine coolers should never be built into cabinetry or have the ventilation limited in any way. They are designed to sit on the floor or smaller units are perfect for installation on a counter top.

**If you have any questions, regarding the installation of your wine cooler or which unit you need, please contact us before purchasing.**
